

# Mama's Craft Sanctuary

## UV Resin Class

Sunday, March 16, 2025

1:00 PM – 2:30 PM

\$40

Come and learn the basics of working with UV Resin! During this class, you will make a necklace pendant or a pair of earrings that you will get to take home immediately. Best of all, you can put whatever you want *into* the resin! Save a dried petal from those Valentine's Day flowers or choose your favorite from the dried flowers we have here. And then, of course, add glitter, sprinkles, rhinestones, etc.!

Space is limited. Sign up today!
